SUMMARY

Entry-level **Software Engineer / Full Stack Java Developer** with strong foundation in **Java, Data Structures & Algorithms, SQL, and OOP**. Hands-on experience with **Spring Boot, REST APIs, JDBC, MySQL, MVC architecture**, and backend development. Currently working on a **Spring Boot–based Online Voting Application**. Seeking **SDE / Java Developer** roles.

INTERNSHIP

Edunet Foundation — Java Full Stack + Project Internship (Cohort 15)   *Ongoing*

- Undergoing hands-on training in **Java Full Stack Development**.
- Working with **Core Java, Spring Boot, REST APIs, MySQL, HTML, CSS, and Git**.
- Developing real-world projects following **MVC architecture and SDLC practices**.

PROJECTS

Employee Management System   Live —   GitHub

- **Tech:** Java, Spring Boot, Spring Data JPA, Thymeleaf, HTML, CSS, Bootstrap, H2, Git
- Developed a full-stack **web-based Employee Management System** with complete **CRUD operations**.
- Designed responsive user interfaces using **Thymeleaf templates and Bootstrap**.
- Implemented **search functionality** with user-friendly navigation.
- Used **Spring Profiles** for environment-based configuration (dev/prod).
- Deployed the application on **Railway Cloud Platform** with a public live URL.

CORE COMPUTER SCIENCE

- Data Structures & Algorithms
- Object-Oriented Programming (OOP)
- DBMS (Normalization, Indexing, Transactions)
- Operating Systems (Basics)
- Computer Networks (HTTP/HTTPS)
- Software Development Life Cycle (SDLC)

EDUCATION

B.Tech CSE (Data Science)	Techno Main Salt Lake, Kolkata	2023–2027 (Ongoing)
Class XII (JAC Board)	88.2%	2022

SKILLS

Programming	Java (Core, Java 8), SQL
Backend	Spring Boot, JDBC, Servlet, Hibernate, REST APIs
Frontend	HTML, Bootstrap, JSP, Thymeleaf, Swing
Database	MySQL, SQL Queries, Joins
Tools	Git, GitHub, Linux (Basic)
Architecture	MVC

CERTIFICATIONS & ACHIEVEMENTS

- Naukri Young Turks 2025 — **96 percentile**
- HackerRank SQL (Intermediate) — Verified
- Solved 100+ DSA problems (LeetCode, HackerRank)
